

Prime Time. Design: EOOS.

Both lightweight and opulent to look at, spacious upholstery seems as if it is floating. The slimline armrest and backrest behind the soft seat cushions provide the necessary support. Fine studs in the upholstery focus your attention on the detail. Prime Time comprises a whole range of variants: individual, add-on and corner solutions are compelling in their minimised elegance. The mechanism of the corner with a récamière is as simple as it is practical: you need just two easy steps to swivel in the récamière. The result: a perfect transformation into an island of relaxation.

Model no. 490

Frame Steel frame with zigzag springs.
Swivel element: Steel frame with swivel mechanism.

Upholstery

Sofa elements

Seat cushions: Cold cure foam sandwich construction with an outer layer of wadding. Fastened in place with zip fastener.

Back cushions: Loose, ticking sewn into chambers with latex rod/fibre filling.

Récamière elements

Seat cushion: Cold cure foam sandwich construction with an outer layer of wadding. With integrated micro-compartment spring core.

Back cushions: Loose, ticking sewn into chambers with latex rod/fibre filling.

Legs Sled base, aluminium highly-polished powder-coated black or highly-polished.

Glides Base fitted with stop-inserts that avoid sliding.

Function

Corner récamière: The seat swivels through 90 degrees beneath the backrest.

Seat height There are two seat heights to choose from:
Seat height 1: 40 cm (total height 90 cm)
Seat height 2: 42 cm (total height 92 cm)
