

YUUTO. Design: EOOS.

Yuuto – a sofa that makes a statement. This range of upholstery offers spacious seating with great comfort. All-encompassing and modular, a sofa landscape is created for the entire family, for friends and for guests by the interaction of volumes with deep seat elements and opulent upholstery. Whether as a single sofa, récamière or large corner configuration – a range of shapes for individual lifestyles. Top-quality surfaces draw your attention to the detail: upholstered areas made of natural fabrics, armrests and boards in sturdy saddle leather. Matt shimmering servers in copper and bronze are eye-catchers.

Product description

Modell no.

800
